## **Polyclonal Antibody against Phospho-Akt (Ser473)**

**Catalog Number:** 11092

**Size:** 100 µg

**Host:** Rabbit

### **Purification**

Rabbit crude IgG was purified by protein-G column.

### **Immunogen**

Synthetic Phospho-Akt (Ser 473) peptide.

### **Specifies Reactivity**

Human, mouse and rat.

### **Formulation & Storage**

Liquid in phosphate-buffered saline (PBS). Store at -20°C for less than one week. For long-term storage, aliquot and freeze at -70°C. Avoid repeated freeze/defrost cycles.

### **Application/Usage**

**Western blot** – The antibody can be used at 0.5 to 1 µg/mL with the appropriate secondary reagents in western blot.

### **Quality Control Test**

BCA to determine quantity of the antibody.
